**AT CCHL  
ALL OUR V8 MGB REBUILDS  
INCLUDE THE  
ABOVE FEATURES AS STANDARD**

## **THE LEGENDARY V8 BRINGS THE MGB TO LIFE WITH THE EFFORTLESS POWER IT DELIVERS THROUGH TO THE EPIC EXHAUST NOTE IT PRODUCES**

At CCHL our aim is to retain the elegant and timeless lines of the MGB and improve the feel and drive of the car. We are constantly looking at ways to enhance the cars we prepare without compromising the charm of these machines. We are not trying to create a modern sports car, more an updated and refined MG that you can enjoy and really want to drive and experience the simple pleasure of driving again.

The knowledge we have gained over the many years of preparing and building MG's helps us to guide each client through the entire process to ensure they have a car to suit their needs, part of the pleasure of having a car built is the decision making and being involved from the start right through to completion, choosing body colour through to trim colour along with wheel options and many other extras that you may wish to have.
